***What your dealer will do...***     **DaimlerChrysler will repair your vehicle free of charge (parts and labor).** To do this, your dealer will inspect and replace the oil pump drive gear if necessary. Inspection and gear replacement will take about one hour to complete. If the camshaft gear is also found to require replacement, an additional 8 or 9 hours will be required. However, additional time may be necessary depending on how dealer appointments are scheduled and processed.

***What you must do...***     Simply **contact your dealer** right away to schedule a service appointment. Ask the dealer to hold the parts for your vehicle or to order them before your appointment. **Remember to bring this letter with you to your dealer.**

***If you need help...***     If you have questions or concerns which your dealer is unable to resolve, please contact DaimlerChrysler at 1-800-853-1403.
