It doesn’t take more than one drive to know where this iconic style comes from. Compass is without compromise.
The 2014 Jeep Compass arrives on the scene distinctively designed with the signature seven-slot Jeep grille and styling DNA from Jeep Grand Cherokee. New bi-halogen projector headlamps with Black bezels, a chrome grille surround with new bright texture, and 18-inch aluminum wheels are all available. A new acoustic windshield helps keep out road noise for improved cabin acoustics, while new taillamps feature a smoked inner bezel. From weekend excursions in the city to an alluring campsite, Compass’ strength, confidence, and rugged good looks have you ready for any adventure.
BeautiFLy crafted InTerIor.

Slide into the refreshed Compass interior and be treated to all the style, cabin comforts, and roominess you require. Soft-touch surfaces, quality materials, and available Saddle Brown perforated leather trim lay the foundation for an upscale look and feel. New front- and rear-door switch bezels and door trims feature Satin Silver touches. A new shifter bezel sports soft-touch paint, Satin Chrome accents, and an appliqué of the iconic seven-slot Jeep grille, while an updated instrument panel shows off a Compass badge. Both the center- and rear-door armrests showcase a new cut-and-sewn treatment. For the comfort and convenience of all passengers, air conditioning, power windows, power locks, power adjusting and heated exterior mirrors, remote keyless entry, illuminated cup holders, and cruise control are standard on Compass Latitude and Limited and with the Power Value Group on Sport.

LIMITED SHOWN IN SADDLE BROWN PERFORATED LEATHER TRIM

SOUNDS OF THE OUTSIDE WORLD SEEM TO DISAPPEAR THANKS TO A NEW ACOUSTIC WINDSHIELD.
**TRACTION.** Trail Rated traction helps you maintain controlled forward motion on snowy back roads and icy bridges. You can climb steep sand dunes and master muddy two-tracks. Others may fear untamed terrain, but your Trail Rated Compass has the traction within to master all kinds of topography and driving conditions.

**MANEUVERABILITY.** Every Compass is born with the athletic ability to navigate narrow gaps, avoid emergency situations, and reduce cosmetic damage to underbody silks, thanks to precision steering and optimized wheelbases.

**ARTICULATION.** Compass suspension systems enhance on- and off-road performance by maximizing flexibility, axle articulation, and wheel travel. This standard indicates that, when one or more wheels are elevated, the Jeep brand 4x4 system helps the others stay on the ground longer to keep you moving.

**GROUND CLEARANCE.** Head out knowing your Trail Rated Compass has optimized approach, departure, and breakover angles designed to clear logs, rocks, and uneven ground. The undercarriage is protected, too, with forged steel skids that cover the vehicle’s most valuable underbody elements.

**WATER FORGING.** Traverse streams with confidence, knowing there are additional electrical and body seals, plus a high air-intake location. Compass has the capability to safely manage up to 19 inches of water. Always inspect all waterways before proceeding just to make sure there are no unforeseen pitfalls.

The available Trail Rated® fortitude of Jeep® Compass gives you the ability to courageously take on the road, trail, or stream with confidence. To fiercely face Mother Nature’s wrath with steely nerve. To drive through it and drive over it with certitude. To know you’re operating with the recognized standard for off-road capability.
30 MPG

DESIGNED TO DELIVER THE CAPABILITY OF AN SUV AND THE FUEL EFFICIENCY OF A COMPACT CAR. THE STANDARD 2.0L DOHC 16V DUAL VARIABLE VALVE TIMING (VVT) I-4 ENGINE MATED WITH THE FIVE-SPEED MANUAL TRANSMISSION DELIVERS AN OUTSTANDING 4x2 EPA-ESTIMATED 30 MPG ON HIGHWAYS AND 23 MPG IN THE CITY AND SHOWS OFF WITH 158 HP AND 141 LB-FT OF TORQUE. WITH NUMBERS LIKE THESE, YOU HAVE THE FREEDOM TO EXTEND THE ADVENTURE AND TRAVEL MORE THAN 400 MILES ON A FULL TANK OF GAS.*

2.4L DOHC 16V DUAL VARIABLE VALVE TIMING (VVT) I-4 ENGINE.

Choose the 2.4L DOHC 16V engine featuring dual VVT paired with the five-speed manual transmission for a brilliant mix of an EPA-estimated 4x4 fuel economy of 23 city/28 highway with 172 hp and 165 lb-ft of torque.

ALL-NEW SIX-SPEED AUTOMATIC TRANSMISSION.

Pair the available new PowerTech six-speed automatic transmission to either of Compass’ capable engine offerings for a smoother, quieter ride regardless of whether you’re traveling road or trail. This new six-speed has a low first gear for quicker takeoffs and a tall top gear for relaxed highway cruising. A stepped shift schedule across all six gears is designed for optimal city fuel economy. The fact that the fill-for-life design helps reduce maintenance costs is just extra pride of ownership.

CAPABILITY.

From advanced automotive engine technology to the sure-footedness of the touring-tuned suspension and the legendary 4WD ruggedness, Compass offers true performance.

CONTINUOUSLY VARIABLE AUTOMATIC TRANSAXLE II (CVT2L).

This available system boasts a low range that provides the torque multiplication needed for water fording, steep grades, and crawling slowly in off-road events. Includes Off-Road mode that delivers an off-road-capable 19:1 crawl ratio.

FREEDOM DRIVE I.

When snow, muddy roads, or steep gravel describes your route, opt for Freedom Drive I. The active, full-time 4WD capability with LOCK mode features an Electronically Controlled Coupling (ECC), which constantly monitors wheel slip, keeps weight on the axle that can use it most, and transfers torque to the axle that can use it most. In tough conditions, the system can be locked 50/50 front/rear for added low-speed capability and control.

FREEDOM DRIVE II®

This available system gives Compass its Trail Rated® chops with features like full-time 4WD with LOCK mode, Off-Road mode with Hill Descent Control, and torque traction control. Torque is adjusted on-demand for added fuel efficiency. Its all-weather capability superbly handles more difficult off-road situations, as well as deeper snow, mud, and up to 19 inches of water.*

*Equipped with 13.6-gallon tank.
Dedicated to details.

Compass incorporates design cues inspired by nature. Whether you’re visually allured by exterior details, stirred by the rhythms from the sound system, or relaxed by the warmth streaming through the open sunroof, when you drive Compass, your senses will soar. Make every ride more relaxing with the available Boston Acoustics® Nine-Speaker Premium Sound Group with 368 watts of clean power. The premium Boston Acoustics speakers are renowned for their smooth, octave-to-octave tonal balance. Opt for the available sunroof and enjoy the fresh air, sun, or starlight with express open/close operation.

When technology touches every area, you can be assured you’re protected at every angle.

Parkview® Back-up Camera.
The new available ParkView® Back-Up Camera helps you park and back out with grace. The system displays a rearview video image with dynamic distance grid lines when in Reverse. During parking and other similar maneuvers, the system helps bring previously hidden rear objects to your attention on-screen, giving you time to react.
The available system displays an accurate visual reference of what is behind your vehicle when you are in Reverse.

**TIRE PRESSURE MONITORING SYSTEMS** Embedded sensors continuously monitor the pressure in the tires and will immediately notify the driver when levels drop below the minimum acceptable.

**HEATED POWER EXTERIOR MIRRORS**. Melt snow and ice off your exterior mirrors as you warm up your interior. This available feature also helps to keep your mirrors ice-free as you drive.

**ELECTRONIC STABILITY CONTROL (ESC)**. An advanced system designed to assist drivers in maintaining control of their vehicle at all times. It integrates a four-wheel Antilock Brake System (ABS) with hydraulic Brake Assist, all-speed traction control, and Electronic Roll Mitigation (ERM) to constantly monitor driver input against the vehicle’s actual course. When needed, the system automatically helps provide braking to the appropriate wheels and reduces engine power when overly sharp steering and/or impending wheel lift is detected.

**ADVANCED MULTISTAGE FRONT AND SIDE-CURTAIN AIR BAGS**. These air bags provide nearly instantaneous occupant protection by matching air bag output to crash severity.

**NEW STANDARD SUPPLEMENTAL FRONT-SEAT-MOUNTED SIDE AIR BAGS**. Each side airbag has its own sensor to automatically trigger the air bag on the side where the impact occurs.

**HALOGEN HEADLAMPS AND FOG LAMPS**. These bright sources of light improve down-road visibility at night or during inclement weather.

**HILL-START ASSIST (HSA)**. This system works to prevent Compass from rolling away when starting the vehicle on an up- or downhill gradient. It holds the vehicle stationary for two seconds after the driver’s foot is removed from the brake pedal, allowing time to apply the throttle. Standard on manual transmission models and included with the Trail Rated Freedom Drive II Off-Road Group.

**FRONT-SEAT ACTIVE HEAD RESTRAINTS**. In the event of a rear-end collision, the head restraints move forward and upward to decrease the space between the headrest and the occupant’s head, thereby helping to reduce the chance of injury.

**SIRIUSXM TRAFFIC**. Avoiding traffic jams is easy. With SiriusXM TRAFFIC you’re notified of major accidents, construction, and road closings along your route. SiriusXM monitors more than 15,000 miles of roadways nationwide and coast-to-coast, all day everyday. Color-coded roadways inform you of traffic flow and speed in major metropolitan areas. Visit siriusxm.com/traffic.
ENGINEERED WITH TECHNOLOGY, UCONNECT® BRINGS A RANGE OF COMMUNICATION AND ENTERTAINMENT SERVICES STRAIGHT TO YOUR COMPASS. FROM MUSIC TO TRAVEL DESTINATIONS, THERE ARE MANY CONVENIENT, MUST-HAVE, USER-FRIENDLY OPTIONS TO CHOOSE FROM. DISCOVER HOW YOU'D LIKE TO CONNECT AT DRIVEUCONNECT.COM

INTUITIVE TECHNOLOGY THAT keeps you close to the people and places that matter most.

KEEPING YOU CONNECTED. Engineered with technology, Uconnect brings a range of communication and entertainment services straight to your Compass. From music to travel destinations, there are many convenient, must-have, user-friendly options to choose from. Discover how you'd like to connect at DriveUconnect.com

VOICE COMMAND. It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations or SiriusXM Satellite Radio® channels, or make calls. Select navigation destinations and receive voice prompts. This smart system technology can also be trained to better recognizes your voice and can understand commands in English, French, and Spanish.

ENTERTAINMENT. Manage all of your media. You’ll have several ways to access audio. Get the sound going via CDs/DVDs, MP3s, remote USB port, audio jack, hard-disc storage, Voice Command, SiriusXM Satellite Radio® (your first year of service is included), and Bluetooth streaming audio.

NAVIGATION. Provides turn-by-turn directions and detailed guidance to nearby restaurants, shopping, hospitals, or local points of interest. Garmin® Navigation. Head out in the right direction with a media center that includes Garmin, the most recognized name in GPS wayfinding. It features Garmin's intuitive user interface and navigation with lane guidance, bringing the popular handheld experience to a factory-in-dash screen.

SIRIUSXM® TRAVEL LINK® Access a wealth of information at your fingertips, including national and local weather reports, local gas prices, in-game and final sports scores, weekly movie times, even local ski slope conditions. Subscription is required after one-year service.

SIRIUSXM® ALL ACCESS® SiriusXM All Access® programming goes with you wherever you travel. Use your vehicle, computer, smartphones, or tablet. In your new vehicle, get every channel available on your radio, including all the premium programming. Plus, keep wherever you go on your available devices with a SiriusXM Internet Radio® subscription included with your trial. Options in all the places life takes you.
